Casing adapter for LRB255/LB28 *	5,50	not available
Extension for casing oscillator LRB255 **	8,90	11,90

*) The casing adapter can be mounted to the rotary drive of the LB28/LRB255 by NZG to connect the HFmodels casings to the LB28/LRB255 drill rig.

**) The extension is mounted between a duty cycle crawler crane and the casing oscillator of the LRB255 by NZG to make an adequate distance between casing oscillator and crane. So the casing oscillator can be used with the HFmodels hammer grab.

Casing set ø1500 1,0; 2,0; 3,0m + casing shoe (kit) – 35,90€ (casing oscillator not included)

Hammer grab ø1500 (kit) – 21,90€ (figure is not included)

Casings ø1500mm in combination with the LRB255

Extension for casing oscillator (kit) between casing oscillator and HS843HD duty cycle crawler crane

FOUNDATION EQUIPMENT Ø 2000MM:

The foundation equipment with 2000mm diameter can be used with the casing oscillator by HiMoBo. Also the HiMoBo piling grab fits the HFmodels casings ø2000mm.
